

## Rotary Club of Mumbai SOBO

**Rotary**  
Mumbai SOBO

Dear Angel contributor,

### **Thank you for your support to our campaign for Oxygen Concentrators.**

We, the Rotary Club of Mumbai SOBO, value and are very grateful for your support to our crowdfunding campaign to procure Oxygen Concentrators (OC) for distribution to hospitals in Mumbai and across Maharashtra, launched by our Rotary District 3141. This is an urgent need of the hour that will help save precious lives.

With your help, and that of over 600 donors, we've just raised over INR 79 lakhs. This enables us to supply over 100 OC's (each costing INR 50,000 – INR 80,000 depending on the capacity) and critical medical equipment to hospitals and healthcare centers.

Our Rotary District team, and its special COVID Task Force, consisting of doctors and medical practitioners, will ensure that the OC's reach the selected end user and that a designed protocol is closely followed. These medical devices are given on lease to the various hospitals, rent free, as long as they require them. Subsequently, the Rotary District will receive them back and these will be added to the Rotary's medical bank, which includes ICU beds, ventilators, oxygen cylinders, etc. to be further distributed to smaller clinics, nursing homes and old age homes. The first consignment of these medical devices will arrive in Mumbai this week (11-14 May), after which the distribution to the various hospitals will immediately start.

Your generosity in the present-day crisis is greatly appreciated and the difference you have made to mankind is exemplary. The world is a better place thanks to people like you and we will ensure your contribution will make a direct impact.

We remain, in gratitude,

Rajiv Punater  
President  
Rotary Club of Mumbai SOBO
